

Children with Medical Complexities Training Series

- Part 1:

Expanding Supports for Children with Medical Complexities

Webinar series for ID/A Supports Coordination Organizations and Administrative Entities

*Thursday, April 21, 2022
2:00 PM – 3:30 PM*

In this introductory session to providing supports to children with medical complexities, ODP Medical Director, Gregory Cherpes MD and Chief Nursing Officer, Rhonda Gengler RN will provide an overview of the training series topics that will be covered in greater detail in subsequent sessions. Particular focus will be given to a companion document that will serve to augment the Supports Coordinator (SC) monitoring tool and assist the supports coordinator during monitoring visits.

A virtual office hour session will be held on April 26th from 2:00 PM to 3:00 PM to address further questions with ODP staff. Registration information will be provided at a later date.
