

Children with Medical Complexities Training Series - Part 1: Expanding Supports for Children with Medical Complexities

*Webinar series for ID/A Supports Coordination Organizations and
Administrative Entities*

RESCHEDULED

Tuesday, May 10, 2022

1:00 PM – 2:30 PM

The session previously scheduled for Thursday, April 21 is will now be held on Tuesday, May 10 from 1:00 pm to 2:30 pm. If you previously registered for this session, *you do not need to re-register*. You should have received an email from GoTo Webinar announcing the rescheduling.

In this introductory session to providing supports to children with medical complexities, ODP Medical Director, Gregory Cherpes MD and Chief Nursing Officer, Rhonda Gengler RN will provide an overview of the training series topics that will be covered in greater detail in subsequent sessions. Particular focus will be given to available resources that will assist Supports Coordinators with ISP development and during SC individual monitoring visits.
