

Health Equity Training

For Supports Coordinators (SCs)

The Office of Developmental Programs (ODP) is offering Health Equity training for supports coordinators (SCs) through MyODP. Health equity means that everyone has access to healthcare and the support they need to live a healthy life. This training provides information on the barriers to health equity and focuses on the Supports Coordinator's role in providing information, resources, and advocacy so that individuals with Intellectual Disability and/or Autism can be as healthy as possible to access the healthcare they need.
