

Student Class Creation Walkthrough for Med Admin Trainers

August 1, 2023, from 11:00 AM – 12:00 PM

After August 1, 2023, Trainers will be able to create their own Student and Practicum Observer classes on the Med Admin platform. The class creation request form will no longer be used after this date. Starting on August 2, 2023, Trainers will create their own classes as need and will no longer request class creation via the help desk. **This training is required for all Med Admin Trainers** as it will provide a walkthrough on how to create your own classes in the new system.
