

2023 National Core Indicators® State of the Workforce Survey Deadline Extended

ODP Announcement 24-062

AUDIENCE:

All Service Providers Employing Direct Service Professionals (DSPs)

PURPOSE:

The purpose of this announcement is to inform all provider agencies employing DSPs that the Human Services Research Institute (HSRI) has extended the deadline for completing the 2023 National Core Indicators® (NCI) State of the Workforce Survey. The portal will now close on **Wednesday, July 31, 2024**.

DISCUSSION:

HSRI is aiming for a 5% or lower margin of error (MoE) for each participating state. The lower the MoE, the more representative and impactful the data will be. Pennsylvania currently has a 5.5% margin of error, and ODP would like to see it reach the recommended level since it is within reach. Therefore, ODP strongly encourages eligible provider agencies to complete the survey if they have not already done so. A final reminder will be issued via the portal in mid-July.

ODP thanks provider agencies that have completed the 2023 NCI® State of the Workforce Survey. When HSRI issues the finalized report, ODP will distribute and upload it to MyODP.org.
