ODP Announcement 24-029

AUDIENCE:

Individuals, Families, Supports Coordination Organizations (SCOs), Supports Coordinators (SCs), SC Supervisors, Direct Service Providers, Administrative Entities (AEs), Directors or Administrators, All Interested Parties

PURPOSE:

This communication announces the release of the ODP FY 2022-2023 Annual Data Report.

DISCUSSION:

ODP created this statistical report so that all stakeholders can review the number of individuals ODP serves, settings where they live, what services are provided to them, and the costs of those services. While these facts and figures are important, they provide a limited view of the service system. They allow us to assess growth in the programs provided, types of services that are prioritized, and how we are investing in people. In addition to this report, ODP publishes an annual report on strategies and performance measures developed by ODP's Information Sharing and Advisory Committee (ISAC), as well as various other reports that target specific topical areas or strategies (e.g., waiting list, employment, etc.). All of these are used to assess the system more comprehensively.
