### DISCUSSION:

The 2024 Everyday Lives: Values in Action—ISAC Recommendations & Strategies document includes new and updated strategies for supporting the achievement of the vision and goals put forth in *Everyday Lives: Values in Action*. You can access this new document directly by clicking [here](#) or by visiting [MyODP](https://myodp.org) and following this path: Resources > The ISAC Hub.

ISAC members, in the role of ODP’s stakeholder quality council, work in partnership with ODP, to develop and use the ISAC recommendations and strategies to serve as a guide for everyone engaged in developing, providing, and advocating for services for individuals with an intellectual disability and/or autism and their families. In addition,

they guide ODP to develop policy and design programs that honor the vision of *Everyday Lives: Values in Action*.

While the ISAC recommendations have not changed for 2024, new and updated strategies were developed over the course of nearly a year of dedicated work on the part of ISAC members, ODP subject matter experts in each of the recommendation areas, and ODP leadership.
