Heightened Scrutiny Evidentiary Information for Community
Participation Support Service Locations

(Merakey Allegheny Valley School (Merakey AVS Middle))

The following table includes:

- where the CPS program is located (locations that have the presumption of institutional qualities and therefore, the possibility of isolating individuals from the broader community due to the service location’s physical location),
- ODP’s Heightened Scrutiny determination on whether the service location currently meets, or will meet, waiver and regulatory requirements to overcome the presumption of having institutional qualities,
- the HCBS Rule requirement that was measured,
- regulatory and waiver requirements specific to services funded by ODP used to measure HCBS Rule compliance, and
- the information reviewed by ODP to determine whether the service location currently meets, or will meet, regulatory and waiver requirements to overcome the presumption of having institutional qualities.

CPS service locations that ODP determined have or will overcome the presumption of institutional qualities will be sent to CMS (after public comment) for final review of compliance with the HCBS Rule.

During staff interviews, it was not clear if ICF staff also worked at the day program and vice versa.
